“ARGUS Connect” Global Customer Conference to deliver industry insights and technology directions, April 7-9, 2015

Conference to focus on client value through ARGUS solutions; Richard Florida to deliver keynote address

TORONTO (December 17, 2014) - ARGUS Software Inc. (“ARGUS”), a subsidiary of Altus Group Limited (“Altus Group”) (TSX: AIF), the leading provider of software solutions for the commercial real estate industry, announced today the inaugural ARGUS Connect global customer conference to be held April 7-9, 2015 at the Ritz-Carlton Laguna Niguel in Orange County, California. Celebrated real estate expert Richard Florida will be a keynote speaker.

Tailored for users, industry leaders and executives, the two-day educational conference will offer the best in commercial real estate (“CRE”) thought leadership and provide valuable insights on global market trends, strategies to managing data and performance, and the latest developments in CRE technology and innovation. In addition, ARGUS professionals will discuss product roadmaps and offer interactive training in a forum designed to exchange best practices with other users of ARGUS technology.

“ARGUS Connect 2015 is a must for those in CRE who are looking to stay abreast of how technology and data are shaping our industry,” said Mike Abramsky, President of ARGUS Software. “With dynamic speakers and industry panel sessions, attending executives, business users and technology professionals will return home armed with more innovative ways to work and a better understanding of how technology can empower their teams.”

No stranger to the impact of increasing globalization, renowned urbanist, academic and best-selling author, Mr. Florida will offer analysis and explore the trends reshaping the way we think about our cities and communities. Currently head of the Martin Prosperity Institute at the Rotman School of Management at the University of Toronto and a Global Research Professor at New York University, Mr. Florida is most widely recognized for his concept of the ‘creative class’ and its implications for urban regeneration.
